PROBLEM STATEMENT

- In today's digital era, traditional resumes alone are not enough to showcases kills and project effectively. Many students and professionals lack a structured online presence to highlight their work. A Digital portfolio provides an interactive and accessible platform to present achievement, skills and experience .

PROJECT OVERVIEW

- This project focuses on creating a digital portfolio that showcases academic projects, technical skills, and certifications in an interactive format. It helps present work more effectively than traditional resumes and makes sharing achievements easier with recruiters and peers.

WHO ARE THE END USERS?

- Students & Fresher's – To present their projects, skills, and achievements in a structured way.

- Recruiters / Companies – To evaluate technical knowledge, creativity, and practical experience.

- Professors & Academics – To assess project outcomes and learning progress.

- Peers & Collaborators – To share ideas, collaborate, and build networks

TOOLS ANDTECHNIQUES

- Html: structure (pages, sections).

- CSS: styling (colors, layouts, responsiveness).

- JavaScript: interactively(navigation menu, animation, from validation).

- Mention code editor (VS code)or CODEPEN and hosting platform (GitHub pages).JavaScript: interactively(navigation menu, animation, from validation).

PORTFOLIO DESIGN AND LAYOUT

- Clarity & Readability – Recruiters, professors, and peers can easily read and understand your projects, skills, and achievements•

- Look – Using simple, consistent colors, fonts, and spacing makes the portfolio appear professional.•

- Organization – Projects, tools, techniques, end users, and achievements are presented in a logical order.•

- Appeal – Icons, diagrams, and images attract attention and prevent slides from looking boring.

- Easy Navigation – For multi-project portfolios, a table of contents or clear headings ensures smooth navigation.
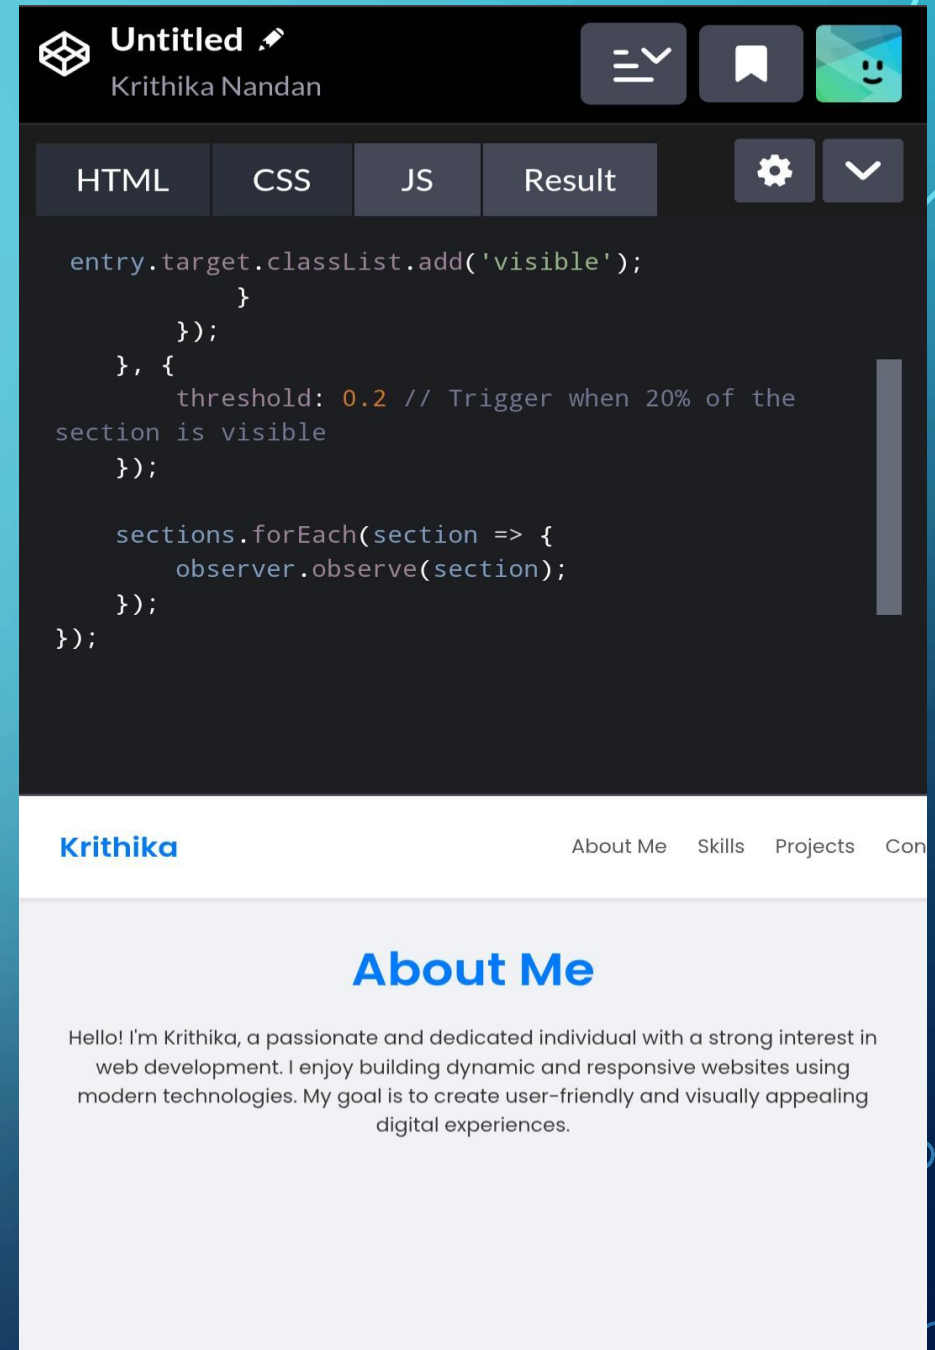

FEATURES AND FUNCTIONALITY

- FEATURES:

-     Showcases academic projects, technical skills, and certifications in one place. Interactive and visually appealing layout with icons, images, and diagrams. Sections for About Me, Projects, Skills, Contact, and Achievements.

- FUNCTIONALITY:

- •Users can view detailed project descriptions including problem statements, tools used, and outcomes.

- Skills are displayed with progress bars, icons, or visual indicators. Contact form allows direct messages to reach you.

RESULT AND SCREENSHOT

- Screenshots of each section Before
  vs after(plain HTML: with CSS&JS).

CONCLUSION

- This digital portfolio provides a comprehensive and organized presentation of projects, skills, and achievements.

- It enhances visibility, professionalism, and accessibility for recruiters, professors, and peers.

- By showcasing work interactively, it effectively highlights technical expertise and practical experience.
